

Warning:

This product must be installed by personnel who are familiar with its structure and related hazards, in accordance with the installation specifications. This product is suitable for indoor installation.

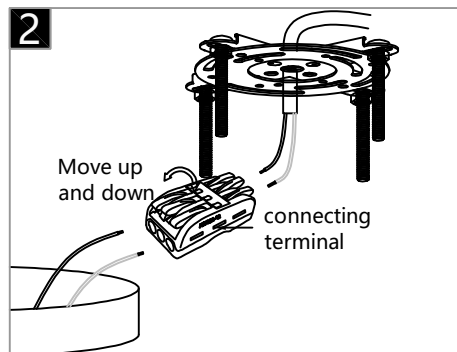

Product style diagram

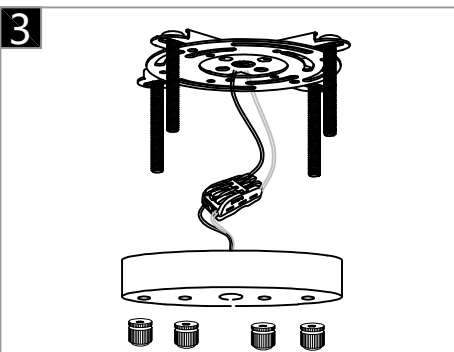

Steps of installation

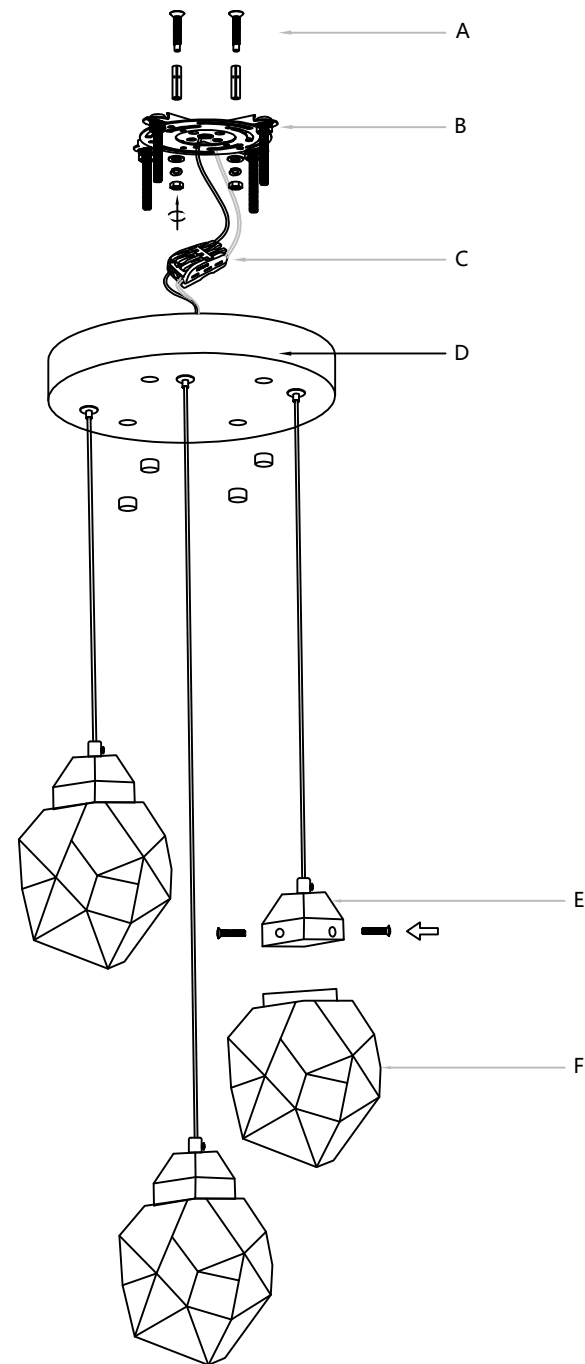

First, fix the expansion screws onto the ceiling, and then lock the mounting plate onto the screws.

Connect the wires inside the luminaire and ceiling to the terminal, usually neutral wire (white), hot wire (black)

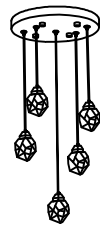

Align the top cover hole position on the luminaire with the screws on the mounting plate and then secure from the bottom using the nut.

Install the crystal cover (F) onto the lamp base (E), and then secure it with screws. Fix the installation plate (B) to the ceiling using expansion screws (A). Next, connect the wires reserved for the top cover (D) to the wires on the ceiling, and then connect them to the terminal (C). Then, align the holes on the top cover (D) with the holes on the installation plate (B), and tighten the screws.
